About Our Teachers

MGA Gymnastics is a learning and teaching gymnastics center. We train our own staff each day helping them to grow and learn more about the sport every day. There are mentors for each program that guide each day helping teachers teach their students in the best ways.

The coaches are always improving their credentials with USA Risk Test, Safety Certifications and Skills testing too. The coaches and kids get to show off what they have learned from their teachers with 4 in gym competitions/challenges a year.

November	Turkey Trot Challenge
January	Reindeer Games
March	March Madness
May	May Day Challenge

Preschool Gymnastics Program

The **Preschool Gymnastics Program** is an early gymnastics program for ages 2-4 boys and girls. We teach coordination, skill development, listening and following directions and developmental skills like skipping, hopping, jumping and climbing.

Boys and girls work together in class on smaller equipment with the teacher and parent if the parent wishes to participate. Children that do not need parents should be encouraged to take class independently.

Preschool Gymnastics/Age Groups

We offer only one age group for our Preschool Gymnastics classes: ages 2-4 year old boys and girls. Girls often times will progress to Xcel Gymnastics class earlier than boys at the age of 4 where boys made need to stay a little longer and wait until 5. (Mostly listening and following directions)

As your child continues to grow they will be given the opportunity to move to Gymnastics, Ninja, Cheer or Tumbling programs from the Preschool Gymnastics Program.

Preschool Gymnastics Progression

Begin at age 2

- 2 year olds progress a little slower
- 3 and 4 year olds will progress faster and move on.

Students move to Gymnastics, Ninja, Cheer or Tumbling programs from the Preschool Program.

Each week you will see progress. Little gymnasts do achieve a bit slower, but their achievements are celebrated and cheered by parents and teachers.
